

MAX LOAD

Kindly be aware that the absence of your product from this list may indicate that it has not undergone testing in accordance with Vogel's requirements/procedure. Alternatively, it could imply that the maximum weight load is not relevant or applicable to your particular product. If you have any concerns or inquiries regarding the testing status or weight load relevance for your product, we recommend reaching out to our Quality department for further clarification: qcmail@vogels.com

Model	Description	Article number	Max load
PLA9340	PLA 9340 DVLED CURVED COUPLER	7193400	NA
